**experience :**

Intern ..... summer 2008  
annual internship awarded with a scholarship.

Construction documentation and graphic presentation for BeeryRio Architecture + Interiors in Springfield, Virginia (80 employees). Duties included section drawings, component and equipment schedules, and a variety of construction details for elementary and middle schools. Other tasks involved the processing of as-built drawings in coordination with contractors, schematic design of interior wayfinding systems in a school, and periodic on-site inspections. This was an endowed internship awarded with a scholarship.

Intern ..... spring 2008

Architectural drawing and rendering work for Neale Architects in Alexandria, Virginia (3 employees). Worked on construction and grading details for a multi-unit housing complex, and produced photomontage renderings of an urban townhouse addition. Also compiled a series of damaged paper site plans into a precise and detailed digital drawing. Collaborated with only two others, and gained tremendous working knowledge of a drawing set, as well as the timeline for job submission and bidding.

Intern ..... summer 2007

Patient reception and systemized reorganization of sensitive medical records at the US embassy health unit in Ankara, Turkey (5 employees). Responsibilities included the assistance of trained physicians in a clerical capacity, and complete organization and overhaul of file storage systems. Demanded high levels of personal integrity and confidentiality as well as skilled social interaction with both American and Turkish patients.

Landscaper ..... summer 2006

Private residential landscaping and painting for clients in Blacksburg, Virginia (1 employee). Jobs included stripping and painting clapboard siding on a home, maintaining hedges, cleaning and painting a front porch, constructing a dry-stacked stone retaining wall, and general mulching and lawn care work.

**recognition :**
